

GOGO WAKE

electric and solar boats for wake parks

New horizons to develop a business that focuses on respect for man and the environment.

"Looking forward we designed a boat to conceive a new way to experience navigation. Simple and reliable to draw tourists of all languages and of all ages, eager to experience unforgettable moments." GOGO WAKE are electric and solar powered boats, silent and recyclable, solid and reliable, safe for na-

vigation in protected areas, perfect for experiencing them in different situations.

Welcome on board: from rivers to lakes and the sea, water creates natural trails and is indispensable for sport, entertainment, culture and tourism; we are ready and our project investor has had no regrets and is reaping the benefits.

Enjoy the future, enjoy the GOGO.

TECHNICAL FEATURES

Innovation and technology translate into ease of use, reliability and zero impact.

Discover the technical features of GOGO WAKE

STERN PLATFORM

The stern platform with folding ladder is a perfect platform for relaxing on the GOGO WAKE.

JOYSTICK

The GOGO WAKE is simple and intuitive to steer thanks to the comfortable joystick.

SECURITY

The hull is a trimaran, therefore it is very stable and does not produce waves. The Gardenergy electric motor ensures safety and durability.

RECYCLABLE

The GOGO can be clad with a totally recyclable eva (ethylene vinyl acetate) coating.

STEREO

There cannot be enjoyment without music!

COMFORT

4 people sit comfortably in the GOGO WAKE; the ergonomic seats will provide you with maximum comfort.

RECHARGE

All versions are charged thanks to the charging cable.

On request a boat trailer is also provided to safely transport the boat to the water.
