

Ecowatt

Electric boat with propeller

11

L: 5.6 m

3 kW

8 h

10 km/h

650 kg

Electric boat made in Italy

Traditional design

Easy-maintenance hidden sterndrive

Great comfort and stability

Self-draining

Even more length and space, with an easily accessible covered motor compartment. **Ecowatt** takes the success of the Microwatt 2.0 and reinterprets it. With **redesigned spaces and new design seating** for up to **11 people**, the Ecowatt is the tourism electric boat that rewrites the rules of sailing in the name of an uncomplicated luxury that's within

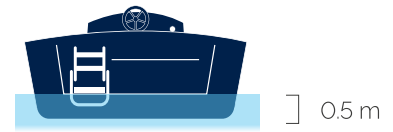

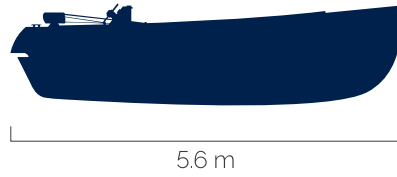

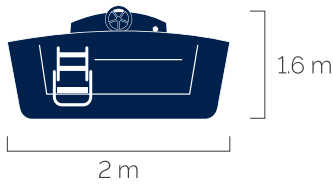

everyone's reach, with an impressive **8 hour autonomy**. **Ergonomics and usability** remain the same: the Ecowatt is elegant and easy to use, the ideal model for family outings. Ecowatt is also a **synonym for safety**: the **fibreglass hull is self-draining** and can be fitted with a **bilge pump and navigation lights**, so you can always sail worry-free.

green, fun & tech

DIMENSIONS

COLOURS

Elegance in two colours

The Ecowatt electric boat has been designed to offer the ultimate expression of elegance, beginning with the two colours that tell of wonderful journeys in the stillness of nature.
