Innovative design

Electric outboard with propeller

Self-draining

When the GOGO Pedal design meets our GOGO Boat navigation technology, the GOGO 5, the latest GardaSolar innovation, is born. This boat is equipped with a practical **electric outboard with propeller for a sustainable, efficient and fun navigation**. Forget the hassle of pedalling: with GOGO 5 you sail in total silence, safe in a **wave-proof, 100% recyclable and self-draining hull**.

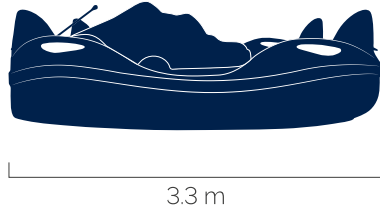

Just like a GOGO Boat, the electric GOGO 5 is conceived, designed and built in Italy to the highest technological standards. GOGO 5 has **5 seats** and offers an autonomy of up to **8 hours**. Promote sustainable fun with GOGO 5, the innovative electric boat with the design of a pedalo.
